Mosaics

Interstyle is making it fast and easy to create breathtaking mosaic installations for your project.

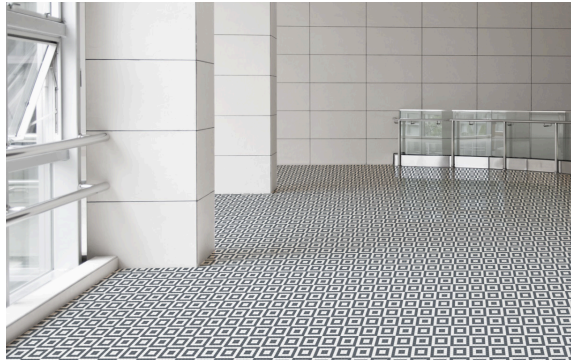

The ultimate juxtaposition between Artisan/Maker and technology, Interstyle professionals work directly with you to design, make and assemble captivating mosaics for your project. Through a combination of artistry and state-of-the-art RobotX automation, you are able to envision your installation before you commit to the final design. Choose your selection of unique colors from the widest palette in the industry; with hundreds of colors to choose from.

Glass tile is a truly unique medium with which to render a living-wall in your space. The transparent glass, with the vibrant color on a separate layer creates a perception of depth unparalleled with traditional tile.

Contact us directly with your project and let us work through the details to bring you vision to life.
